“

Shaping open source compliance, together.

“Following the success of our first OCX, we’re expanding in 2026 with the new **Open Community for Compliance** (OCC). As regulations accelerate, their impact on open source is profound. OCC will unite compliance experts, developers, and leaders to collaborate on the opportunities and challenges ahead.

By sponsoring OCX 2026 and OCC, you’ll align your brand with open source innovation and regulatory leadership while gaining visibility and strong industry connections. We look forward to partnering with you to make these events exceptional.”

Gaël Blondelle
Chief Membership Officer

WHAT IS OCC?

A new addition to the OCX program, the **Open Community for Compliance (OCC)** is a colocated event that bringing together developers, maintainers, legal experts, and industry leaders to collaborate on scalable, community-based approaches to security and regulatory compliance.

This is our opportunity to connect the regulatory community at this flagship open source conference.
